1. Introduction

The Standards and Testing Agency (STA) is responsible for the development and delivery of statutory tests and assessments. STA is an executive agency of the Department for Education.

The 2023 tests assess the national curriculum. This test has been developed to meet the specification set out in the [test framework](#)¹ for English grammar, punctuation and spelling at key stage 2.

A new test and new mark schemes will be produced each year.

Key stage 2 tests are marked by external markers, who receive training to ensure the mark schemes are applied consistently and fairly. The mark schemes are provided to show teachers how the tests are marked. The pupil examples are based on responses gathered from the test trialling process.

Scaled score conversion tables are not included in this document. Conversion tables will be produced as part of the standards maintenance process. [Scaled score conversion tables](#)² for the 2023 tests will be published in July 2023. The standards confirmation meeting will take place in June 2023.

2. Structure of the test

The key stage 2 English grammar, punctuation and spelling test comprises:

- Paper 1: questions (50 marks)
- Paper 2: spelling (20 marks)

3. Content domain coverage

The 2023 test meets the specification in the test framework. Tables 1 and 3 set out the areas of the content domain that are assessed in Paper 1 and Paper 2.

4.2 General marking guidance for Paper 1: questions

To ensure consistency of marking, the most frequent procedural queries are listed in Table 2, along with the action the marker will take.

Recording marks awarded

Marking takes place on screen, with markers viewing scanned images of pupils' responses. Marks are entered into the marking system in accordance with the guidance for the on-screen marking software.

For each question, markers record the award of 1 or 0 marks as appropriate, according to the mark scheme criteria. There is provision in the software to record questions not attempted. The software aggregates marks automatically.

The following guidance applies to all questions in Paper 1.

Table 2: General marking principles for Paper 1

This information is provided in Table 3.

6.2 General marking guidance for Paper 2: spelling

The following guidance applies to all questions in Paper 2. Please read this carefully before applying the individual mark schemes.

- If the pupil makes more than one attempt, it must be clear which answer the pupil wishes to be marked.
- If the pupil makes two or more attempts and it is not clear which is to be considered, the mark is not awarded.
- The pupil can answer in upper or lower case, or a mixture of the two. The exception to this is for days of the week, which must be written in lower-case letters with an initial capital letter for the award of the mark.
- If the pupil has answered with the correct sequence of letters but has incorrectly inserted an apostrophe or a hyphen, the mark is not awarded.
- If the pupil has answered with the correct sequence of letters but these have been separated into clearly divided components, with or without a hyphen, the mark is not awarded.
